23 Reported By: Sheila Pham, CSR No. 13293

1 jury can't hear from.

2 Dr. Longo testified that he photographs -- he
3 photographs and produces the photographs of all of the
4 slides. I don't know if these slides still exist.

5 And by the way, at no point in time -- they do
6 degrade quickly over time. I don't know how quickly off
7 the top of my head. But at no point in time in the six
8 years of litigation has J&J ever sought this relief in
9 any other case, and they've had more than, you know,
10 cross-examination of Dr. Longo.

11 So this is a new request for the first time in
12 this case that I've never heard of before, and I don't
13 know the specifics. I just got a response about an hour
14 before our hearing started, a detailed response. And so
15 I haven't had a chance to talk to Dr. Longo and to have
16 further meet and confer on this issue.

17 With regards to the samples, this is a sample
18 -- they claimed to take the product off the market, the
19 talc product, during COVID, May of 2020. Well, in the
20 fall of 2022, we found near Mr. Valadez's house at the
21 hotel where his deposition was, actually, this filled
22 Johnson & Johnson product. Not only was it filled, it
23 was wrapped in plastic in a box, Johnson & Johnson. So
24 two and a half years after they claimed to quit making
25 this product, it's on the marketplace.
